

Alphabet Hide and Seek

You will need paper and a pen and your child will need to know an alphabet song. Don't worry if you can't remember the tune - you make one up together and that will be great too!

- ❖ Write out the alphabet letters on pieces of paper (or a selection of letters) and hide them around the room.
- ❖ Give clues as to how near your child is to a letter, e.g. 'You're getting close', etc.
- ❖ When the letter is found, encourage your child to say the letter name.
- ❖ If your child is unsure of the letter name, sing the alphabet song together until your child gets to the correct letter.

Celebrate all the answers and next time you can play with just the letters your child was unsure about.
