Initial Sounds Snail Game

You will need a dice and counters for each person playing.

1. Place your counters at **START**.
2. Each player rolls the dice and moves their counter onto the snail starting at 'p'.
3. Say the sound your counter lands on. If you do not know the sound, move back to your previous position on the board. You can help your child say the sound, first, so that they will know it for future success.
4. The winner is the first person to land on **FINISH!**
