

Cerebral Vision Impairment

Useful websites

These are links to excellent information booklets about CVI for parents:

[My Child has CVI – Handbook for parents of a young child with CVI](#)

[Sharing & Developing Our Understanding of CVI Guide for Parents](#) by
CVI Scotland

Two very informative videos are available:

[What is CVI? – CVI at a young age - explanation for adults](#)

[CVI at a young age – An explanation for children](#)

[This link is to CVI Scotland](#) who are devoted to helping people understand cerebral visual impairments.

[Click here for The Cerebral Visual Impairment Society](#) whose aim is to raise awareness of the condition and offer advice and support to those affected by CVI, their families and caregivers.

[More information about the ten characteristics of CVI can be found at this link \(RNIB \)](#)
